He further explained that he looks forward to working with Fred based on his experiences and helping us out.

At 4:36 P.M., Trustee Cushman called the FLCC Board of Trustees Education and Planning Committee meeting to order.

Business

Review of June 5, 2024, Committee Meeting Minutes

Trustee Cushman inquired if there were any adjustments, concerns or edits to the minutes. There were not any concerns or edits.

Enrollment Report

Carol Urbaitis, Vice President of Enrollment Management, reviewed the report available in the packet as of related to Summer and Fall Enrollment. The report for Summer is unchanged from what is in the packet, there was a 14.4% increase in headcount and 16.3% FTE attributed to a lot of physics sections. She thanked the Tech Department and the Provost for their involvement. The Fall update requires an update from what is in meeting packet. As of 8/2/24 there was a 4.2% increase up and FTE in headcount and .9% FTE increase. There are 3 weeks left until school starts and right now is peak time for enrollment. Trustee Martin inquired as to when Gemini enrollment starts. Dr. Urbaitis explained that Gemini occurs September through November. The numbers for summer and fall exclude state aid able and Gemini.

FLCC Specialized Student Programs Review and Preview

Sarah Whiffen, Associate VP of Student Affairs, Lisa Thomas, Director of Academic Success and Access Programs, Dustin Stalaker, Assistant Director of Students Success, Nissa Youngren, Assistant Director SUNY ASAP provided a presentation as follows:

Sarah Whiffen explained that this presentation will highlight 3 programs. She explained as a reminder that PACE is a grant funded program that works with 4 depts. We offer services through ASAP and this is related to SUNY transformational funds and we are in the 2nd year of the project. The other program is EOP and is the oldest support for students in the NYS system.

Sarah Whiffen explained that Dustin was hired a year and a ½ ago and promoted late May as Assistant Director of Student Success. Dustin Stalaker discussed the PACE program and there has been a big impact meeting with students, so far he has met with 223 students prior to the beginning of September to assist students by streamlining the college life, familiarizing students with courses and observing red flags in Starfish which there have been over a 1000 occasions of attempts with mixed results to reach out to students. The previous leadership had 7 videos to share with students and providing electronic support. Thanks to the systems put in place pre-semester we have spoken to over 200 students. At this stage of the summer there are a lot of good ideas to have a bigger impact this time around. Trustee Mihalik inquired as to where the grant is coming from? Dr. Nye explained that the grant was Board approved to provide support with dollars for this program. Trustee Cushman asked Dustin what if he could give examples of what he learned last year that stood out this year. Dustin explained that the online content year last year didn't reach the level of engagement we had hoped for. Therefore, this year we are sharing content with them and what to expect when they click on it a certain application. Also, they learned how this generation likes to communicate, phone is not a favored communication, text message will possibly be more receptive.

Nissa Youngren began her position in May and is involved with the Transformational Funding Grant through 2025-2026. We invited 53 students to join us so far. Last year we had 100 students. We reached out to 600 students through various methods to onboard students. We have made contact with 500 students through various methods and of those 500 students we personally were in contact with 200 students to explain the program and ask for their participation. Before reaching out 79 students that had joined us and signed an agreement to participate. There are 26 returning students we will be above the 100 students' mark. Trustee Martin inquired about the term ASAP what it stands for. Reply is that it stands for Accelerated Studies Associate Pathways in terms of the meaning it is to retain students and completion of degree with 6 semesters. The requirement to be eligible is that you need to be a NYS resident and PELL eligible. Applies to 1st term students at FLCC that have up to 21 credits this does not include gemini credits. Trustee Wille inquired if this program has a strict timeline? There is flexibility with SUNY based on the unique situation to acquire 150 students in the system by the beginning of September. Most 4 years have already filled their spots.

Lisa Thomas is involved with Academic Success, ASAP and runs the EOP program which has a lot of similar characteristics to the other programs. This has been a year of challenge and change based on mandates related to the summer bridge program. We are to acclimate and retain students during a four-week session prior to move in day at the suites. We work with Admissions, and the communication system referred to as SLATE. We have support from SUNY because the EOP program has been operating for over 55 years and FLCC was one of the first to sign on. Students receive the Students of Excellence Award, and this is a big accomplishment because these are students that come in with a C to D average and accomplish a GPA of a 3.5 or 4.0 and that is amazing. The students receive recognition for the Provost and Chancellor acknowledging what they have accomplished. Those students are also recognized in Albany, and they are able to place the accomplishment on their resume. A true testimony to perseverance. There is involvement from the financial

aid counselors to achieve the financial needs for these students. The new process with FAFSA hammered up this year due to the old program guidelines of the 1960s regulations with EOP.

Lisa further explained the involvement with high school counselors that work with us to promote the EOP program. Trustee Mihalik inquired as to the capacity limit for the EOP program. Lisa explained that there is an allocation of FTE for 95 students for 2024-2025, the provisions are for student housing, meals, supplies, and books. We had 75 students admitted for the summer program and it started August 5th, 2024. Trustee Martin inquired as to if this is a state funded initiative. Lisa explained that we are at the mercy of NYS budget increase for student ratio. The four-year institutions receive a lot more than we do. Trustee Russell inquired how is the constraints for community colleges being addressed. Lisa explained that we have a Community College sector within NYS EOP that work to address the issues.

Resolutions

The following resolutions were presented by *Kim Evans-Dame, Interim Chief Human Resource Officer, Sara Iszard, Senior Director Center for Student Well Being, Sarah Whiffen, Associate VP of Student Affairs*

Sarah Whiffen explained that we are dealing with NYS and had 109 days to review and implement changes related to a 1,600 page document and make it understandable and a digestible level. The Grievance policy was adjusted to comply with Title IX, added and reviewed guidelines related to the document. The intention is to monitor Title IX policy on a regular basis related to sex discrimination, protections, and what creates a hostile environment. Determinations as to what is reasonable for pregnant individuals or related conditions that require us to develop policies without bias. The expectation is to train Title IX providing a video that is reviewed and acknowledged. Broadening protective classes, procedure and new protective classes. Trustee Martin inquired as to who the designee is would it be the Chief HR Officer? Sarah Whiffen explained that at this time she is the Interim designee with Jennifer Parsons, Assistant Director for Talent Management and Sara Iszard as Investigator for the campus. Trustee Mihalik asked so there is not a lot of change in the process or procedures primarily just a title change? Sara Iszard explained that she as investigator is replacement as conduct officer and determining what they do for the process. Sarah Whiffen explained that there are modifications requested as adjustments that had not been done before. Sara Iszard explained that the previous version had to be in writing, it cannot be verbal and reported by someone else. Trustee Martin inquired if it is oral then how is it captured? As an institution if something is disclosed to us then there are reporting option through My FLCC portal, we have multiple websites to report a concern. Kim explained it can be done by a click of button and if verbal then it is brought forward and written for documentation. There are copious notes in the case of an audit or follow up is needed. Sarah Whiffen explained that there are injunctions in 15 states affiliated with Moms of Liberty with the purpose to stop gender related conditions, bias right away. Sara Iszard explained that the injunctions were put in place by 3 organizations, based on information from the Department of Education over the last two days it's a moving target.

FLCC Title IX Grievance Policy: Procedures for Sex Based Harassment Complaints for Students and Employees WHEREAS, the FLCC Title IX Grievance Policy: Procedures for Sex Based Harassment Complaints for Students and Employees was adjusted based on guidance received by the Department of Education to comply with new regulations set forth by Title IX; and WHEREAS, the guidance dictated that schools must conform to the new regulations by 8/1/24; and WHEREAS, we did not receive such guidance until late April 2024; NOW, THEREFORE BE IT RESOLVED, the FLCC Board of Trustees approve the FLCC Title IX Grievance Policy: Procedures for Sex Based Harassment Complaints for Students and Employees to take effect immediately.

The next resolution Sara Iszard explained relates to a title change that encompasses sex discrimination providing an expanded definition, timelines, and reporting systems. This policy could be complicated with

CMAC. SUNY lawyers note that it is very gray still. Trustee Wille inquired about being a whistle blower can I be or is that a separate policy? It could be reported to us, HR. Trustee Russell inquired about the county attorney being involved with review of this as well, is it necessary or primarily rely on the SUNY attorneys? Dr. Nye explained that all entities are embedded and ultimately can be part of the complaint. Title VI requires training as well and is directed from SUNY.

FLCC Non-Discrimination Policy WHEREAS, the FLCC current Non-Discrimination Policy was adjusted based on guidance received by the Department of Education to comply with new regulations set forth by Title IX; and WHEREAS, the guidance dictated that schools must conform to the new regulations by 8/1/24; and WHEREAS, we did not receive such guidance until late April 2024; and WHEREAS, FLCC's current policy title is not an accurate reflection of the policy or its responsibilities; NOW, THEREFORE BE IT RESOLVED, the FLCC Board of Trustees approve a new title change, as well as substantial adjustments to the current FLCC Non-Discrimination and Sexual Harassment Response and Prevention Policy to take effect immediately.

FLCC Student Code of Conduct Policy

WHEREAS, the FLCC Student Code of Conduct was adjusted based on guidance received by the Department of Education to comply with new regulations set forth by Title IX; and WHEREAS, the guidance dictated that schools must conform to the new regulations by 8/1/24; and WHEREAS, we did not receive such guidance until late April 2024; NOW, THEREFORE BE IT RESOLVED, the FLCC Board of Trustees approve the FLCC Student Code of Conduct Policy to take effect immediately.

Non discrimination and SUNY's requirement asked to review freedom of speech policy in best FLCC Freedom of Expression Policy WHEREAS, the FLCC current Freedom of Speech Policy was adjusted based on guidance received by the U.S. Department of Education and the State University of New York to comply with new regulation set forth by Title VI; and WHEREAS, the guidance dictated that schools must conform to the new regulations by the beginning of the 2024-2025 academic year; and WHEREAS, FLCC's current title is not an accurate reflection of the Freedom of Expression policy or its responsibilities; NOW, THEREFORE BE IT RESOLVED, the FLCC Board of Trustees approve a new title change, as well as substantial adjustments to the current FLCC Free Speech Policy to take effect immediately.

The Board of Trustees appreciates all the work related to the policies and the impact it has on students.

Review of June 5, 2024, Committee Meeting Minutes

Trustee Martin requested if there were any revisions or comments. There were none noted.

FLCC 2023-2024 Operating Budget Update & Finance Report

Jason Tack, Vice President of Administration and Finance reviewed the financials, he explained

Jason Tack, Vice President of Administration and Finance provided a presentation of the 2024-2025 Operational Budget (Update)

Geoff asked about the Fund Balance and if we will be adding to our Fund Balance. Jason explained once our expenses are recognized that will allow us to add to fund balance. As far as enrollment we don't know if there will be a decrease. Trustee Martin inquired about budgetary reversal based on excess revenue to add to fund balance. Jason explained we will evaluate based on students and the rate of how and when they pay their bills. Covid Funds helps with Write offs and determine where we need to build back. The RGE program saved us \$12,000 in expenses within 3 days. This is a one-time savings but by participating in the electrical upgrades allows us that savings. Trustee Martin inquired in addition to RGE is there any thoughts of wind power or exploring it based on challenges. Jason explained that he and Cathy Ahern have discussed alternative energy that was not outlined in the facilities master plan. Solar is being discussed as well as adding additional buildings, the Green house project may provide additional exploration for energy sources.

Jason Tack reviewed a presentation that was provided in the packet. He explained that nothing has changed in the overall budget. However, what really changed was sponsor revenues based on 3.9 million dollars provided. There are continued discussions with the county related to sponsor contributions. Mary Gates has talked with Jason, and he described that the county works on their budget January 1, 2025 and FLCC budget starts September 1, 2024. Increase in appropriation fund is slated for 2.8 million. The last slide he reviewed was cost by function and discussed an additional \$500,000 to us from the County turns into 1 million because it is matching funds. FTE has remained consistent. Academic student services and some early retirement packages

are taken into consideration as well as some costs elevated due to early retirement program that was offered the last couple of years. He further described readjustment of sponsor contribution and a 0 % increase in enrollment, expenses that increased, and explained the largest increase of 10% related to benefits. There is the continuation of a 2.5% salary increase. Trustee Mihalik inquired how the charge back calculations are treated moving forward? Chargeback revenue increase numeration for overall expenses minus out to offset some increases in expenses. Charge back revenue expenses are more than your revenues. The 2023/2024 budget takes in consideration full salary amount and vacancies. All the factors impacted us this year. The sponsor reduced our operating expenses because we lower 6% FTE utilizing that drives these up higher year over year. Trustee Martin inquired about appropriated fund balance and that it is unsettling because it could eat up the fund balance. The is deeply concerning. Jason explained that the sponsor contribution can drive that down and pulling expenses out into restricted fund. Offsetting expenses to raise charge backs. There will be 1.2 to 1.7 use of the fund balance into the future. The county increase contribution will then allow the appropriation to go down. We are not always using the fund balance, there are savings from vacancies and other things. Trustee Russell assumes that the county is aware of the personnel services. It was explained that the county works their fund balance the same way. The county recognizes the use of fund balance based on charge back revenue as a result of county sponsored contribution.

Old Business

None noted.

New Business

Trustee Cass thanked Donna for getting him involved on NYCCT. It so happens this year we get two people that will be recognized on October 5th, we will do a presentation at the November Meeting for them. Trustee Cass informed the Board of Trustees that we have two individuals that have served on the Board of Trustees that will be recognized at the NYCCT Annual Conference in October. They are previous Board of Trustees Member, Santa Abraham for the Donald M. Mawhinney Jr., Trustee Leadership Award and current Board of Trustees Member, Rich Russell for the Marvin A. Rapp Award for Distinguished Trustee Service.

Chair's Report

Nothing to note at this time.

President's Report

Dr. Nye discussed the 8 million that will be received from SUNY related to Health Care Programs this is health care and is part of the Governor's initiative. There will be an emphasis on Simulation in nursing and there will be an administrator hired for the nursing program to fulfill the need to facilitate. Dr. Nye

thanked both, Carol Urbaitis and Laura E. Ortiz for their involvement with the nursing program. Dr. Nye thanked Trustee Mihalik for the encouragement of holding a larger retreat this summer. We will have presenter Bill Daggett at the Retreat to review AI and changes in the educational system. The book is provided to you to read prior to the retreat on August 26th. There is review of three industries that did well and others that did not. What will AI do, not sure, but no one knew where the iphone would take us back in 2007. This provides the opportunity to be innovative now and down the road. We are proud of our educational programs; our financial success and we will not rest on our laurels. Student success is something we strive for constantly with programs such as ASAP, PACE where the Board of Trustees provided funding of 500,000 last Spring to assist students for successful educational opportunities. We have learned from SUNY that our programs are at the forefront, and we are able to show return on investment. There has been a great amount of work with Enrollment thank you to Dr. Urbaitis and her team. Dr. Nye also thanked Carol Urbaitis and Laura Ortiz for their involvement the Urban League of Rochester who engaged in their first summer program here at the college. This provides us a presence in Rochester and that is very important for us.

Liaison reports

Student Trustee Report

Trustee Hall explained that this is her first day on the job. She hopes to have more after the beginning of semester to report.

Audit & ERM Report

Trustee Astles has nothing to report

Board Development Report

Trustee Mihalk explained that we had a plan at the end of the semester, we just need to get together to establish some dates for meetings. Trustee Martin did want to mention that Penny was very instrumental in uncovering materials from her predecessors' files related to Presidential search documents. Trustee Mihalik explained that Trustee Martin was on the previous search committee and we do not want to reinvent the wheel if we have the materials available to us so when there is the time for a search we have the materials readily available.

Association Report

No report.

Foundation Report

Trustee Geise explained that the Foundation will have an award for exceptional service to be awarded. This will go to an individual who has a strong commitment to students, and advocates for the college. The other award is based on long term leadership and commitment to the college assisting with funding growth and success of the Foundation and that is our own Trustee Steve Martin. She thanked Trustee Steve Martin for his incredible service and abilities.

NYCCT Report

Trustee Mihalik has concerned as do others related to a recent meeting with the Chancellor in terms of Presidential search process. Chancellor does not approval of the way the presidential search process is

currently being done and feels that many are not following the guidelines set forth. It is the Chancellors thought process that instead of one Presidential candidate being presented it needs to be three presented as finalists and SUNY will determined if the candidates pass. The comment that came across was that he does not want embarrassment. There was a recent community college president that a sexual harassment claim came to light as well as another instance referencing golden parachute. Nassau Community College is having issue finding and appropriate candidate. The Chancellor wants a tighter rein on the process Trustee Mihalik's concern is that there is something deeper happening. Trustee Mihalik has concern based on Johanna's recent retirement and if there will be a replacement. Trustee Geise mentioned that there are two negatives, one the loss of Johanna and control by the Chancellor to determine the appropriate candidate for a locally sponsored community college. The positive side is to filter out by background checks so that there is not any embarrassment, knowing about something ahead of time. Trustee Astles has two questions, change in the process, what if the Chancellor decides not to decide on a candidate? Back door consolidation? The State of NY doesn't do anything quickly, could wait 6-9 months, a whole academic year. The other question is what the Chancellor's criteria to decide on a candidate. Right now, it seems the perception is control. Further discussion led to what would the public think of this and the local sponsor? Dr. Nye suggested legal review because the college and county have certain rights. There might be an overstepping the boundaries of the law. This also will apply to renewal of contracts with Presidents. Will Presidents work with NYCCT on this as a joint effort.

Adjourned

There being no further business, at 7:00 P.M., on motion by Trustee Geise, and a second by Trustee Cushman and a unanimous vote, the Board of Trustees unanimously adjourned their meeting.
